U. S. Supreme Court Dismisses Appeal of Advertising Dental Laboratories

On motion of attorneys for Chicago Dental Society, the United States Supreme Court refused to hear an appeal by a group of Chicago dental laboratories from a decision of the Illinois Supreme Court, according to word received at the dental society office October 17th.

On March 22, 1956, the Illinois court sustained the constitutionality of the Illinois Dental Practice Act and ruled in favor of Chicago Dental Society in its suit for injunctions against twenty-four dental laboratories who were found to be soliciting dental business from the public through various forms of advertising and to be dealing directly with the public. The statute prohibits laboratories from dealing with the public.

The prohibition against advertising includes the Red Book telephone directory, window displays of dentures, neon signs, window posters, hand bills, and newspaper advertising.

The dental work which laboratories are prohibited from doing directly for the public includes making, duplicating or repairing full or partial dentures. This work must be done by the laboratories for dentists only.

The Chicago laboratories found guilty of violating the Dental Practice Act and who will be made subject to the injunctions are:

A-1 Dental Plate Laboratory Company, Inc., 22 West Madison Street, 5087 West Ogden Avenue, 1425 West Wilson Avenue, and 2003 West Lawrence Avenue;

Lester Sutker, doing business as Allied Dental Reliner Co., 32 North State Street;

Patrick Jones, doing business as C & W Dental Laboratory, 2556 North Clark Street;

Harry Ouzounian, doing business as Chicago Avenue Dental Laboratory, 1720½ West Chicago Avenue;

Charlotte Heinsheimer and Hugo Heinsheimer, also known as Charlotte Heins and Hugo Heins, doing business as Clark Dental Laboratory, 2656 North Clark Street;

Cleveland Dental Plate Laboratory Company, Inc., 456 West North Avenue and 404 East 47th Street;

Florence Larson, also known as Florence Specht, doing business as Dental Plate Manufacturing and Supply Co., 5600 West Fullerton Avenue;

Molly A. May, doing business as Dental Plate Reliner Service, 30 North Dearborn Street;

Irving Primack and Joseph Slode, doing business as Allied Dental Laboratories, 3709 West Roosevelt Road;

(Continued on page 6)

Martin Dorner, doing business as Capitol Dental Laboratories and Dorner Dental Laboratories, 3326 North Ashland Avenue;
Duncan Dental Laboratory Corp., 1138½ West 63rd Street;
John E. Frew, doing business as Englewood Dental Laboratory, 6241 South Wentworth Avenue;
Howard Kasper, doing business as Howard Dental Laboratory, 3054 West Irving Park Road;
Edward Fuhr, doing business as Kimbell Dental Laboratory, 2110 North Pulaski Road;
Howard Osburn, doing business as Lincoln Dental Laboratory, Abe Lincoln Dental Laboratory, and Ashland-Belmont Dental Laboratories, 3126 North Ashland Avenue;
Katherine Utescher, doing business as Marvel Dental Co., 343 South Dearborn Street;
Carl F. Dorner, doing business as Ogden Dental Laboratory, 1546 West 63rd Street;
James E. Cantwell, doing business as C & C Dental Laboratory, 2326 South Cicero Avenue;
Thomas P. Shanahan and Martin J. Shanahan, doing business as Shanahan Dental Laboratories and West End Laboratories, 120 North Cicero Avenue;
Comfort Plate Dental Laboratory, 2001 West North Avenue;
State Dental Plate Laboratory Company, Inc., 1635 West 47th Street, 639½ West 63rd Street, and 944 West 63rd Street;
Stephen W. Ruthe, also known as Stephen W. Rutkouski, doing business as Tru-Match Dental Laboratory, 30 North Dearborn Street;
August R. Makel and Anne Lewis, doing business as Tru-Art Dental Laboratories, 1409 West Wilson Avenue;
Albert Comens, doing business as Supreme Dental Laboratory, 2411 North Lincoln Avenue.

It Just Could Happen - - -

on the night of Monday, February 4th, 1957. What we mean is that our General Session speaker at the Midwinter Meeting is a dynamic speaker and he might just blow the place up. Not with dynamite, of course, *that old stuff*, but with a bright, shiny, new atomic bomb—a small one. The speaker's name is Dr. Hubert Newcomb Alyea (there isn't room here for all his degrees) and he's a Professor of Chemistry at Princeton and a very, very expert on nuclear fission and his talk on the atom in our world of today is highly interesting BUT just in case any people in the audience are a little drowsy after dinner, he likes to, shall we say, fluff up the nap a little by shooting off a real cute little old bomb right before your very eyes and while all the ones so far (and he has talked before most of the scientific societies in the world and also plenty that don't think) have merely been spectacular, ours just might be the one with too much chlorophyll or hadacol or whatever the stuff is and so why not plan now to be there and go flying along with your friends pointing out things of interest and, if you didn't happen to land right side up, join the leaders of organized dentistry on the front pages of the world?

The Chicago Dental Society
is proud to present

DR. JOHN W. GELLER

of Indianapolis speaking on

PROSTHETIC DENTISTRY

at the regular monthly meeting

Tuesday, November 20, 1956

8:00 p.m. at the Conrad Hilton

IN THE WALDORF ROOM 3rd floor

Dr. Geller will present the examination, diagnosis,
methods of case presentation, actual work, esthetics
and personalization, occlusal problems and how to
avoid trouble in handling the practical prosthetic case.

Discussion by Dr. John B. La Due

Plan now to attend the meeting on December 18th. Our speaker
is to be Dr. Robert B. Shira of the Walter Reed Hospital in Wash-
ington, D. C. speaking on oral surgery.

The Proposed Revenue Amendment

Each Illinois voter will be handed another "Blue Ballot" at the election this November 6th. It would perhaps be more descriptive to call this one a "Tax Ballot" since it proposes to amend the Revenue Article of the Illinois Constitution to give the Illinois Legislature sweeping new power to levy taxes.

While the proposed Ballot is not a dental problem it does directly effect each and every taxpayer of the State and for this reason your Society desires to call your attention to the salient features of this Constitutional Amendment so that you can be better prepared in evaluating its effect on you personally. Since it is not a dental problem your Society takes no position whatsoever in respect to this proposed Amendment, but furnishes you the following for your information and guidance.

This Amendment is opposed by the Illinois State Chamber of Commerce, Illinois Junior Chamber of Commerce, Illinois Association of Real Estate Boards, Illinois Lumber and Material Dealers Association, Graphic Arts Association, Illinois Manufacturers Association, Taxpayers Information Council and a number of local organizations throughout the State. These organizations appear agreed that the Revenue Article of the Illinois Constitution is in need of revision, but say:

The proposed Amendment would give the General Assembly virtually *UNLIMITED TAXATION POWER*. In this connection, one cannot help but make reference to Justice Marshall's classic statement in the case of *McCullough vs. Maryland* (1819) wherein he quoted from Daniel Webster, "An unlimited power to tax involves necessarily the power to destroy."

The proponents of the Revenue Amendment do not deny the force of these arguments but say that with reference to the unlimited grant of power to the Legislature that we must have faith in our own elected representatives.

The opponents counter by saying that this is exactly what we did when we gave unlimited powers to Congress over Federal income taxes which have now reached confiscatory proportions. Limited income is one of the greatest forces for economy in government. When government has unlimited income, the greatest force for economy has been lost.

In bringing you these excerpts from the arguments pro and con, your Society again wishes to emphasize that it has taken no formal position in the matter but wishes to bring this information to you as a service so that you may intelligently evaluate the proposal upon which you will be called to vote on November 6th.

(The above material is quoted almost verbatim from the Springfield Newsletter carrying information from Springfield to members of the Illinois State Medical Society.)

92nd MIDWINTER MEETING

The Chicago Dental Society

Conrad Hilton Hotel

February 3, 4, 5, and 6, 1957

Hotels will soon be booked to capacity for this period —
send in your request for accommodations NOW.

EDITORIAL

Be Sure to Vote

November 6th, 1956, is Election Day in this good old U.S.A. and our opportunity to exercise the power of the secret ballot. On that day we will choose the men who are to serve our town, our county, our state, and our country. This privilege was won on the battlefields of the Revolution and preserved in the Civil War. This is a privilege bought and paid for in blood and the travail of our forefathers. Today, we are not asked to shed our blood or to suffer but rather that we exercise our privilege. Half the world today would give its all for the right to express a choice in a free and open election. Yet in America scarcely more than half of our citizens vote. More shameful is it that among the great middle class, those best equipped by training and qualified by intellectual background, there is even greater laxity in the exercise of the voting franchise. If you are not a registered voter, then what follows can be of no avail. If you are a qualified voter, make it your business to acquaint yourself with the candidates for each and every office so that the best qualified can be elected.

I can hear the cry: "What has this to do with our profession and why appeal to us?" That's just it; you and I have failed time and time again to accept our full civic responsibility. Our responsibility to our community is greater than just rendering a good professional service or conducting ourselves in an exemplary manner; it means seeing that our communities are properly policed, properly equipped with good schools and churches, and a decent place in which to raise our families. These things are to a great degree dependent on the kind of men we choose for public office.

Good public officials along with an ever-alert and aroused electorate are our best assurance for a government that is sound and good.

To be specific, less than two years ago the health and welfare of the public and dentistry's exclusive right to render dental service was placed in jeopardy by the introduction of Bill 1118 (Public Denturist Bill) in the legislature of the State of Illinois. Thanks to an aroused profession and an alerted legislature, ever-concerned with the protection of the health of our citizens, the bill was defeated. This was a real service in the best public interest. Now is the time to become better acquainted with the representatives in your district or those who are candidates to represent you in the state legislature. Let them know of your personal interest in their candidacy and give them your support. Do more than give lip service—give time and money, for now is the time you can help them. Tell your patients about qualified men. Politics is your business as a citizen and as a professional man.

An alert profession, dedicated to the best in the community and determined to hold fast to the ideals which have made our country the greatest the world has ever known, must exercise that great American privilege—the secret ballot. Only by voting for the candidates that we have determined are best qualified can we remain free as Americans and as a profession.

Be Certain to VOTE November 6th, 1956

American Dental Association Meeting

The A.D.A. meeting in Atlantic City, October 1st through 4th, was again very successful from every standpoint. The weatherman cooperated in fine style until Thursday when the rains came. The attendance figures show a total registration of 14,237 of which 7,386 were dentists. Pennsylvania led the states with 1,305, New Jersey 1,259, New York 853, and so on. Illinois had 259 present, followed closely by California with 236.

Scientific meetings were held on Monday, Tuesday, Wednesday, and Thursday with a wide diversity of subjects. Projected clinics, table clinics, and scientific exhibits, motion pictures and commercial exhibits were also presented. It was a tremendous sight to look out from the balcony onto the vast expanse of exhibits, all a beehive of activity.

The House of Delegates also met in the convention hall. There wasn't much of controversy except for the fight to have the Federal Trade Commission Rules for Commercial Dental Laboratories revoked. However, this was lost and the Board of Trustees and the Council on Dental Trade and Laboratory Relations recommendation to seek revision was accepted and the council so instructed.

The completion of the building program was announced, also that the final payment on these improvements would be made out of current income.

The House opposed the laboratory certification program as proposed by the National Association of Dental Laboratories, and also opposed the special draft which would have extended the present dentist draft beyond the expiration date next June 30th. The House approved a National Women's Auxiliary to the American Dental Association.

Dr. W. R. Alstadt of Little Rock, Arkansas, was unanimously elected President-elect by the House; Dr. Eugene R. Westcott, who was General Chairman of the Atlantic City meeting and who hails from that city, was elected 1st Vice-president; Dr. Harold E. Cafferata of Reno,

Nevada, was chosen 2nd Vice-president and Dr. John W. Knutson of Washington, D. C., 3rd Vice-president. Dr. Robert W. Wells of Chicago was elected Trustee from the 8th District (Illinois) to succeed Dr. L. Jacob of Peoria. Dr. Walter E. Dundon was re-elected Chairman of the important Dental Trade and Laboratory Relations Council. Chicago members Harold Oppice, Roy Blayne and Frank Orland were named to serve on various councils.

The following Chicago men appeared on the Scientific program: John Anderson, Thomas Barber, Fred Bazola, Stanley Goldberg, Glenn Jackson, Wallace Kirby, John Kollar, Roderick Nystul, Norman Olson, Jacob Shaykin, Irving Stone, and Abraham Tamarin. Miss Ruth Robertson of the Hygienists Association also gave a fine clinic.

At the final session of the House, Dr. Harry Lyons was installed as President, Dr. Jerry Timmons as Speaker (re-elected), Drs. E. R. Westcott, H. E. Cafferata and Dr. J. W. Knutson as Vice-presidents, Dr. Harold Hillenbrand as Secretary, Dr. Harvey Washburn as Treasurer, Dr. Lon Morrey as Editor, and Drs. Robert Wells, Charles Patton, Edward White, Howard Higgins and Paul Jeserich as Trustees, by Dr. B. C. Kingsbury. The new President-elect, Dr. William Alstadt was also presented.

From a social standpoint, the ladies were entertained in royal fashion at a very fine fashion show and a games party and, from all reports, the girls had a wonderful time. The Tuesday night General Session was excellent. Dr. B. Kingsbury made a stirring appeal for more support for our dental schools, followed by a wonderful concert by the Philadelphia Philharmonic Orchestra under Eugene Ormandy. On Wednesday evening the President's Dinner was held and the entertainment was outstanding.

All in all, the 97th American Dental Association meeting was a tremendous success and very worthwhile.

NEWS AND ANNOUNCEMENTS

C.D.A.A. NEWS

The September meeting of the Chicago Dental Assistants Association had a fine attendance of members and guests to see the impressive capping ceremony. At this meeting it was voted that dues would be increased \$2.00, or a \$12.00 total, effective January 1, 1957.

The November meeting will be held on the 15th at the Palmer House at 8:00 p.m. Dr. S. H. Yale will speak on "Radiology for the Dental Assistant."

The North Side Branch of C.D.A.A. will hold a clinic night at the Villa Sweden, with dinner at 7:00 p.m. and the clinics at 8:00.

The South Side Branch will meet at Nielsen's Restaurant on November 13 with dinner at 7:00 and the scientific session at 8:00. Dr. W. Reynolds will talk on "Orthodontia."

The West Suburban Branch will have a clinic night at the Carleton Hotel at 8:00 p.m.—with dinner at 7:00.

GRANT TO NORTHWESTERN UNIVERSITY DENTAL SCHOOL

Northwestern University Dental School has been granted \$24,000.00 for Public Health research in the fields of chemical composition of tooth structure, pathologic research and effect of fracture of bone joints on growth of jaws. The work will be under the supervision of Drs. Fosdick, Blackwell, Calandra, Kay and Stuteville.

N.U.D.S. HAS VISITING PROFESSOR FROM ENGLAND

Dr. and Mrs. John Osborne have recently arrived in this country from England. Dr. Osborne is Professor of Prosthetics at the University of Birmingham and during the present academic year he will be a Visiting Professor of Dental Materials at Northwestern University

Dental School. He is well known for his research and theories of occlusion, as well as for his extensive publications in the fields of dental materials and prosthetics. During his stay here he will appear before the Midwinter Meeting of the Chicago Dental Society and other dental organizations.

U. OF I. ANNOUNCES ORAL SURGERY COURSE TO START IN 1957

Applications are being accepted for a two-year, full time course in oral surgery being offered by the University of Illinois College of Dentistry. The course will begin in September, 1957, through the Department of Oral and Maxillofacial Surgery. It will carry credit toward a master of science degree. Further information can be obtained from Dr. Daniel M. Laskin, Department of Oral and Maxillofacial Surgery, University of Illinois College of Dentistry, 808 S. Wood Street, Chicago 12.

INTERPROFESSIONAL COUNCIL WILL HONOR CHICAGO MEDICAL RESEARCH TEAM

A world-renowned Chicago medical research team, Dr. and Mrs. Frederic A. Gibbs, has been chosen to receive the annual Distinguished Service Award of the Illinois Interprofessional Council, representing 25,000 members engaged in medical practice and allied fields.

Dr. Gibbs, professor of neurology, and his wife, Erma, research assistant in electroencephalography, both on the staff of the University of Illinois College of Medicine, are recognized in medical centers throughout the world as authorities on epilepsy.

Harry E. Levin, chairman of the committee which selected Dr. and Mrs. Gibbs

NEWS OF THE BRANCHES

South Suburban

Once and for all, I believe the matter was definitely settled at our October meeting when Pres. Cosgrove asked for a show of hands in voting on the meeting date of our forthcoming meetings. For the balance of the year, the meetings will be held on the first Tuesday of the month and just to make sure, an announcement card will be mailed to all of you to remind you to mark off the date in your appointment books in case you all have not already done so. For our November meeting we are to have as our speaker Dr. R. H. Friedrich, a member of the ADA Council on Labor Relations, and his topic will be on a subject of vital interest to all of you and give a glimpse of things to come in the use of dentistry in group treatment of members of labor parties. . . . Now to the lighter side of things. . . . Neil Kingston and Bill Cusick, to my present knowledge are the only ones from South Suburban who attended the ADA Convention in Atlantic City. . . . Altier, Kingston, Folkers, and Holt represented our gang on the recent visit made to the Eli Lilly plant in Indianapolis. Not only was the trip very interesting, but all the food and drinks were on the house. . . . At this time, I am very happy to announce the marriage of Edward L. Winiecke. After batching it for about seven years he decided that he liked married life better than that of the lone wolf. Of course, it took the right gal to clinch the deal. . . . Congratulations are also due the Wrights in Homewood. This time it was twins—a boy and girl set—and brings the current total to six. . . . In the complaint department, Pippert is having a siege of architect trouble; he reports that it is well on the way to being cured and he hopes to start on his building project in the late fall. . . . An overlooked article in the congratulations department — the recent marriage of the

son of E. A. Rhind of Homewood. . . . Under the heading of resurrection of articles of interest, we are proud to announce that at the last meeting we were pleased no end to note the attendance of Wm. Sigtenhorst of Blue Island. Also in attendance were about six or seven new members and I am sad to say that I was not able to get all their names to report same in this column. We would appreciate hearing from you on how our newly instituted practice of wearing name buttons at meetings meets with your fancy. For the first time in many many moons, we had in attendance a few of our members from the Calumet City area, namely R. A. Bona and S. L. Partyka. We sure would like to see more of you guys and be sure to bring your friends. . . . That's all for now, see you all in November on the First Tuesday (Election Day) at Chuck Cavallini's.—*H. C. Gornstein, Branch Correspondent.*

West Side

Our first meeting of the year on October 9 was an outstanding success. Thirty men came to dinner and the total attendance was close to eighty. John Reilly reports that 23 dinner tickets have been sold to date. The assistant district manager of the Social Security office, Mr. Schutte, gave a talk on Social Security that was very pertinent. All those seeking more information were invited to consult him at the local social security office at 17 N. Pulaski Rd. Dr. Bob Placek's clinic on High Speed and Inlay Preparation was very interesting and was well received by the members. Thank you, Dr. Placek. . . . Our next meeting will be held at the Mid-west Hotel on November 13. The speaker will be Dr. Irving I. Sector and his subject will be, "Hypnosis in Dentistry." This is a subject we should learn more about

as it is being discussed more frequently in the press. Come out and see what can be done in the dental field with hypnosis. Dr. Sector is one of the top men on this subject so mark this date, November 13, off in your appointment books and plan to attend. . . . At the national meeting in Atlantic City on October 1, Dorothy Rizzo was appointed secretary-treasurer of the Association of American Women Dentists. . . . On August 2nd William J. Zahrobsky was married to Gladys S. Anderson of Aurora. His son, William, was best man at the ceremony which was held at the First Baptist Church in Berwyn. . . . Our sympathy to Harry Brown, whose mother passed away this past summer. She was 98 years of age. . . . Harold H. Epstein, endodontist, will be speaking at the Kenwood-Hyde Park meeting and the West Suburban round table in the near future. . . . Fred Bazola gave a table clinic at the meeting in Atlantic City. . . . Sam Rakow is back on the job now, but on a strict diet. He is feeling fine, but misses the things he is not supposed to have. . . . Our most traveled member, Leo Cahill, has been off on a jaunt to Bermuda. He attended the Mid-Atlantic Dental Conference and enjoyed some swimming and golfing on the island paradise. . . . Will see you at the meeting on November 13.—*William L. Bingaman, Branch Correspondent.*

West Suburban

Now that all of you have laid aside your golf clubs, fishing poles, tennis racquets, and other summer activities, the meetings of the Branch and other groups within the Society are beginning to find favor, as shown by the splendid attendance. Those of you who have not been to the opening meetings can make up for lost time by being present for the balance of the meetings which should be considered as postgraduate study. . . . We hope you were one of the 160 members present at the first Branch meeting to hear Dr. Daniel H. Gehl present his pro-

gram "Problems in Full Denture Prosthesis" in which he answered many problems that present themselves daily to the general practitioner. . . . Don't forget the next meeting of your Branch on November 13th when Dr. Joseph F. Burket, Associate Professor of Pedodontics at the University of North Carolina, will speak on "Real Dentistry for Little People." The post cards that accompany your announcement must be signed and returned to assure your dinner reservation. Do it now, please, or phone Bob Price, EStebrook 8-5764, for reservations. . . . Speaking of meetings—A. Macaluso received an invitation to be on the program of the 12th International Dental Congress which meets in Rome, Italy, Sept. 7th to 14th, 1957. He has been invited by Dr. A. K. Ovadia, chairman of the Committee Film and Television of Rome, Italy. Those of you who wish to see the culture of the Old World can make this trip as a deductible tax item. . . . Another means of tax deduction is *a la* Ridlen with a 2nd baby girl. . . . Only the finished product will answer the truth of the second part of this story—W. Kirby is more than occupied by many speaking engagements plus the full course at Slenderella. . . . Buck Jones is still hopeful, just returned from a fishing trip to Kentucky. . . . Lee Hein is back at work and feeling like his old self. . . . Burt Prugh has gone modern and redone his office. . . . Carl Sommerfeld is going in for being a big land owner, has just bought a large estate in the Eagle River country. George Koukol and Fred Mahlke are planning on being permanent guests. . . . Bob McDonald hopes to soon take orders for oil when his oil well is pumping—at present supply is sufficient only to take care of his handpiece. . . . John Poronsky, following the sun around, is in Bermuda vacationing. . . . The Oak Leaf Dental Research group, which meets at Foley's Restaurant, is having interesting and instructive sessions. . . . Joe Kohout is back at the grind after 3 months' vacation in the North Woods. . . . K. Nicholls has closed his place in

Dr. Francis J. Goldthorp started practice in 1891, and continued for over 50 years. He retired just a few years ago and passed away on October 8th. Interment was at Dubuque, Iowa. Our heartfelt sympathy is extended to his mate, Effie. . . . Zeke Krol introduced Dr. Seymour Yale, our recent essayist, who changed the text of his talk from "Concepts in Radiology" to "Effects of Radiation" and really woke us up. . . . General arrangements are very well arrayed lately by John Corrigan. . . . Welcome to guests Vic Gradle of Kenwood, and Andrew Andrews, who has taken over the reins of Bill Rennie's office. Bill has retired. . . . and prodigal son, Rod Marks came home after an absence that was much too long. . . . We also welcome new member Robert J. Murphy. . . . Lew Weil made a brief plea that dentists admit as many children into their practices as possible to do their share in keeping up with dental needs. . . . It was nice to see ol' Jack Gutberlet, even without his pipe. . . . Marion Hopkins is up on Drummond Island, Michigan, and other northern points with his lil' old bow and the sharpest damn arrows you ever saw. Look out, deer! . . . Earl Gallagher opened his new office in Hazelcrest. Condolences to him, however, on

the death of his father a few weeks ago. . . . Milt Cruse is still visiting his daughter in Texas. . . . Les and Jean Kalk spent a week at Flint, Michigan, visiting the in-laws. . . . Al Prusis fired the first shot of the current hunting season in Kenora, Ontario. He got that deer. . . . Dick Remijas and Victor Seitz and their wives are on their way to northern Wisconsin to fish for muskies. Since when is a wife's testimony legal as a witness? . . . The Bermuda Branch of Englewood held its October meeting with Ben Jostes, Paul Kanchier, Joe Solus, Roman Lipinski and Ray Van Dam all in attendance out there in the Atlantic. Tough, fellows, you missed a good parent society meeting. . . . Frank Farrell attended the A.D.A. meeting as usual. Reports that on one day things were stormier outside than in the convention, when the tail end of hurricane Flossie almost splashed some of his front yard into his quarters. . . . Going to be wearing lapel identification cards at meetings soon. Won't have to out-fumble each other so much. . . . President Ted Vermeulen moved his meeting along with the new streamline plan to get us home earlier. Good idea. . . . We're going to miss the genial face of Major William S. Rice, of Coe Laboratories, who passed away September 19th. His friends are legion. . . . Ray and Mrs. Anderson praised the splendid hospitality of the Lilly Company of Indianapolis. . . . The many friends of Roy Blayne will be glad to know that he has been appointed to the National Advisory Dental Research Council. . . . Englewood's November

meeting will be held on the 13th at 8:00 p.m. in Nielsen's Restaurant. The theme of the evening will be The Dentist-Laboratory Relationship, with Mr. Roland Libonatti, Attorney and State Senator, discussing "A Study of Legislative Procedures and Problems." Also, a clinic demonstration on "Quick Denture Repairs" will be presented by Dr. Russell Burgess and Dr. Joseph Cantafio. . . . Me and seven other guys are holding down your job, Ro Waska, and not a poet in the bunch!—*Mal Brooks, Branch Correspondent.*

North Suburban

The first meeting of the Lake County Dental Society was held at Hank's in Waukegan on Monday, October 1st, with 44 members present. Dr. Eugene Hotchkiss spoke on "Investments for Professional Men." . . . We were quite pleased to have Frank Yager present and hope he and others down the line will be able to join us at future meetings. In hopes that it will lure some of you up our way, I'll report that the tab for the cocktail hour was picked up by Gordon Fletcher of North Shore Collecting Agency. . . . Tuesday, October 9th, was the occasion of the first North Suburban meeting at the Georgian Hotel. There were 126 in attendance to hear Earl Nightingale speak on "Retirement at 35" and the philosophy that enabled him to accomplish this remarkable feat. At the age of 12 we should have been sitting on the corner wondering why people go about their daily business. Good question. . . . A committee report showed 96 season dinner tickets sold to date, which is shooting for a record. . . . We were all happy to see Frank Trangmar out again following spinal surgery. . . . Dick Fischl was in a state of mind that defies description. His alarm wristwatch rang at 7:00, but for what, he really couldn't remember. The reason for this semi-comatose condition has come to light. He became the father of his third son a few hours after the meeting broke up. Congratulations, Dick! Now, what

was it the alarm rang for? . . . Fred Verink has moved into his new home in Deerfield. . . . Fred, Jim Plants and Grant MacLean are new members of the Orthographic Society. . . . The A.D.A. meeting in Atlantic City was dotted liberally with North Suburbanites. The E. H. Ibbotsons, the George Postels, the Hal Chasons and the L. J. Van Notes were around and about. The Corvin Stines and the Chasons went on to Bermuda from the meeting. "Westy" Wescott and Rosemary had a visit with Ike and Mamie before checking in at the meeting. Seems Mamie and Rosemary are honest-to-goodness kinfolk. . . . Also saw Paul Wilcox, Doug Meinig and Glenn Jackson. Glenn and Norman presented a paper and report it was very well attended. Glad to hear it. . . . Evert Archer was plagued by a recurrence of malaria while at the meeting, but has recovered and feels good as new. Take it easy, fella. . . . Talked to Jim Plants about arrangements in Miami Beach next fall like we had two years ago. Mentioned it to him at the meeting the 9th and he can take care of it. Line forms to the right, behind me. . . . Yours truly and spouse, among others, had the pleasure of traveling from Gary to the Holland Tunnel on toll roads. What an experience that is. . . . November 5th is the date of the next Lake County Meeting. Ken Johnson is program chairman and is certain to have an interesting speaker for you. See you then.—George E. Kearns, Branch Correspondent.

Northwest Side

The first Branch meeting of the year was held at Stella's Restaurant on October 2. Dr. Arthur Krol, Assistant Professor of Prosthetic Dentistry at Loyola University, discussed "Retention and Anatomical Consideration in Full Denture Construction." The subject, though not an easy one, was well presented. The audience response was attentive and eager. Truly, it was an authoritative presentation. You can nearly always expect that from a college professor, but

Save \$2³⁰

or as many times \$2.30 as you like

For a limited time only, a **BONUS** ounce of Cresilver will be delivered (*without extra charge*) with every five ounces you buy! This means a saving of \$2.30. If you buy ten ounces of Cresilver, you get 2 extra ounces, and save twice \$2.30 or \$4.60. Your saving is limited only by the number of five ounce bottles of Cresilver you order. This offer, however, must be limited for obvious reasons (such as rising costs) for 60 days.

Users of Cresilver are familiar with the many qualities of this outstanding alloy. They know it contains 74½% silver—the highest practical silver content of any alloy available anywhere. You, too, will like its smooth amalgamating qualities, its fine texture, its lasting lustre. Check your alloy needs today and decide how much you would like to save.

BONUS

MAIL THE COUPON TODAY and with your free ounce of Cresilver we'll also send without charge a ½ doz. Crescent Improved Polishing Brushes, and a package of Crescent Amalgam Polish.

competence and excellence must be credited our speaker. "Muscular coordination, extension for peripheral seal and countering are critical to denture retention," said Dr. Krol. He further stated that "the lips and cheeks must drape over the denture and there should be careful adjustment of labial and buccal notches." We enjoyed your discourse, Dr. Krol! . . . Little Lee Roy Kaminski, son of Mitchell Kaminski, inaugurated the Community Fund Drive, with Dorsey Connors on Channel 5, TV. . . . Hyman Rosenthal, a new member of the Branch, attended his first meeting. Glad to have you aboard, Hy! Come again! And often! . . . President-Elect Folmer Nymark in the news again! He caught an 8½-lb. wall-eyed pike. How did he do it? Here are Folmer's own words. "I used a bamboo pole, twenty yards of dental floss, a number 4 reamer for a hook and hence—the catch." Good story, Folmer, but what did you use for bait,—an inflamed pulp? . . . Don Mammen spent three weeks in Land O' Lakes, fishing and loafing. . . . Tom Wright is visiting his folks at Center Point, Iowa. . . . During the week of October 7, Eli Lilly of Indianapolis played host to the following members of the Northwest Side Branch: S. Broniarczyk, J. Ulis, C. Rogalski, M. Kaminski, T. Czeslawski, C. Crane, J. Swantek, E. Suffka, H. Brandt, B. Stwertnia, W. Misak, T. Krynski, L. Wasielewski, M. Guerrieri, and E. Ringa. Why don't *all* you boys have a reunion at our next meeting? . . . Mark Spencer made one of his rare appearances at the meeting. I'm told

he purchased a new home at Winston Park. . . . Ted Serr is recuperating at home after surgery at St. Anne's Hospital. Speedy recovery, Ted. . . . Spooner, Wisconsin, lured Secretary Altern for hunting and fishing. . . . Sorry to report the death of Casimir Skowron. Though not very active, he was acquainted with many. . . . Don't forget the next meeting date, November 6, at Stella's Restaurant. The speaker will be Dr. Tom Barber. . . . Call Ray Rux at National 2-4222 for a dinner reservation.—*Your Branch Correspondent, John M. Gates.*

Kenwood-Hyde Park

The A.D.A. meeting in Atlantic City brought honor to Kenwood-Hyde Park. Our own Bob Wells was elected Trustee of the 8th District. Bob has devoted many years to dental society work and is familiar with every phase of its operations and will carry out his duties as trustee in the excellent manner for which he is so well known. . . . Mark Reardon enjoyed the meeting as did John McBride. Johnny is very familiar with Atlantic City because he was stationed there while doing a hitch in the Air Force. . . . Larry Johnson checked out the turnpike and reports that it provides mighty fine traveling. Roy Eberle reports that his new Cadillac performed admirably on the new road. Roy stopped off in Pennsylvania for a visit. Willard Johnson took the fastest route by air but he missed a few connections and almost had to take a cab from Phila-

delphia to Atlantic City. Walt Dundon did a fine job at the Dental Laboratory Trades Association meeting. Elmer Ebert went to New York after the meeting and attended a World Series game and then made a tour through the East before heading home. . . . Harry Hartley spent a few days in Iowa to attend a family reunion. . . . Jesse Carlton made a trip to Nashville, Tennessee to visit with relatives. . . . Bob Kreiner's grandson is on the mend again, now Grandpa can breathe a sigh of relief. . . . Our first meeting was a huge success, both socially and educationally. Much credit must be given to Roy Eberle for his stimulating letter and to Vic Wittert, our energetic Dinner Chairman, and Henry Leib for the timely announcements. Their efforts were duly rewarded by the attendance. Roy Eberle and his committee have provided an excellent program, so show appreciation by attending our next meeting on November 6th. Vic Wittert will accept your reservation right now, call him at Ba 1-6626 and count yourself in on an enjoyable evening. . . . Henry Leib announced that a trip to Eli Lilly Co. Plant in Indianapolis has been planned for Kenwood members. The trip will take place in January, check with Henry for the details and don't miss it. Walt Dundon heads for Detroit and the National Association of Dental Laboratories meeting. . . . Graham Davies had his car practically demolished when he stopped for a red light and an off-duty policeman clobbered him. Graham came out of it fairly well but the car didn't fare so well.

See you November 6th at the Sherry Hotel. Please note last minute change in the program—Dr. Robert Kesel will appear as our speaker, rather than Dr. Sector who is now scheduled for the December meeting program.—Howard J. Harvey, Branch Correspondent.

North Side

WHAT A MEETING! WHAT A CLASS! A most successful one-day Postgraduate Class was held on October 9th at the Town House, with Dr. Don Draper officiating. It does one's heart good to see how many men are interested in the better phases of dentistry. Dr. Draper gave a condensed but comprehensive outline of work with the Gnathoscope to an overflow group amongst whom could be seen the following North Siders: Ulysses Argianas, Jules Barrash, Dayton (Red) Berk, Harold Brill, Stan Buckner, E. Frazin, Morry Falstein, Stan Goldberg, Ted Gordon, Phil Green, Herb Gustavson, Al and Emil Kamin, Art Krause, Bill Osmani, Bob Riemer, Larry Schlocker, Bill Semiloff, Hal Sitron, Manny Smith, Carl Sudakoff, Abe Hoffman, Morry Altus and yours truly. Ruby Kadens and Marty Unterman really deserve an ovation for the remarkably fine job they have started. This was the first of a series of Postgraduate Courses they have arranged. The next one is scheduled for November 12th and 13th, so *mark your calendars now!* Dr. Charles L. Pinchus of Beverly Hills, California, (who is

M. W. SCHNEIDER DENTAL LAB.
27 East Monroe, Chicago 3, Illinois

always a sell-out at limited attendance meetings) will talk on "Functional-Restorative Dentistry," stressing esthetic variations of jacket crown and bridge restorations, involving periodontal lesions and their application to oral rehabilitation. Dr. Pincus will have plenty of "take home" material. Make your reservations with either Marty or Ruby. . . . Our first regular meeting that was held on October 10th at the Edgewater Golf Club also went off with a bang. Over 100 members were present to listen to Dr. Don Draper, again, on Practice Management, and an excellent panel discussion on Dental Economics. To those of you who are missing these outstanding events, allow me to say, you are the losers. Your committees in the Branch are doing everything humanly possible to make our meetings the most interesting and helpful possible, so take advantage of what they offer. . . . Murray Hoffman reports a series of three excellent programs for the Uptown Forum: Nov. 2nd, Professor J. P. Weinman, U. of I. Professor and Head of Oral Pathology, will speak on "Technics of Biopsies"; Nov. 16th, Dr. Frank Orland, Director of Zoller Clinic, U. of C., will speak on "Basic Problems of Dental Research"; and Nov. 30th, Mr. Edward Mauter, Secretary Illinois Dental Laboratory Association, will speak on "Ethical Relationship Between the Practitioner and the Laboratory." These meetings are all free to all dentists, so take advantage of them. . . . Earl Elman reports he saw the following North Siders at Atlantic

City, where he had a marvelous time: Frank Hurlstone, Bill Osmanski, Ed Luebke, Julius Caplan, Ben Krohn, Stan Goldberg, John Anderson, Herb Krummel, Ed Walker, Allen Gerber and Bernie Rabin, the latter two resplendent in their Navy uniforms. . . . Bill Osmanski is wearing a splint on his little finger as a result of playing football with his kids. . . . Will Gordon got back from the Periodontia meeting that preceded the ADA. Brother Ted Gordon was re-elected President of the Chicago Academy of Dental Research. . . . Red Berk's moving to California will be a great loss to the Academy, or didn't you know that he made the California Board? Thank God that he made it—he had us all jittery waiting for the results—what with his pacing the floor like an expectant father. . . . Forgot to mention that Will Gordon was invited to give a paper at the Federation Dentaire in Rome. . . . New officers at Uptown Forum: Herb Krummel, President; Marty Unterman, Vice President and Program Chairman. . . . The Forum finances should be good now that Herb Krummel, together with Walker, did their replenishing at the track, I hear. . . . The Forum is planning its 10th Anniversary Party. . . . Morry Gerry gave a talk to the Danville District Dental Society on October 2nd, where he was very well received. He gave some practical applications of Dental Hypnosis in a demonstration showing how to raise the threshold of pain. . . . In a personal interview with Rube Kadens on the first of the Postgrad Series: Rube felt that this marked only the start of a good series for the future. It represented a lot of hard work, not only on the part of Rube and Marty, but the entire committee; but they felt that it was everything they thought it would be and can look forward to even better meetings. . . . Don't forget to make your reservations for the 2-day Postgraduate Course with Dr. Pincus—Nov. 12 & 13th—and be sure to come to the next regular monthly meeting, Tuesday night, November 13th, at the Edgewater Golf Club, Ridge and Pratt. Look for the flyer.—*I. H. Shapiro, Branch Correspondent.*
